

## Transportation Summit for Seniors

For all of us growing older, we often wonder what our later years may look like. We also see other older people around us and they no longer are able to drive any longer. For some older people, night time driving becomes the issue. For others, just driving longer distances becomes a problem. Then there are those older persons who cannot drive at all anymore. South Haven Area Senior Services and the Region 4 Area Agency on Aging want to take a look at transportation issues and concerns through out our county. Together we are hosting focus groups around the county to look in-depth at the transportation situations for persons age 60 or over residing in Van Buren County.

The general public is invited to come discuss public transportation service, current needs of older persons and exchange ideas for future transportation needs. We need input from our seniors, community leaders and professionals. Even if you don't need public transportation now, you might in the future. Input from seniors, community leaders and professionals is very important so everyone is encouraged to attend. Bring a friend. Transportation issues affect all Van Buren County residents so please share your experiences, thoughts, and concerns during one of the three following meetings:

**Thursday, October 30, 9:30 am at the Warren Center, 540 Williams, South Haven.**

**Thursday, November 6, 12:30 pm at Hartford City Hall, 19 West Main Street, Hartford.**

**Thursday, November 6, 3:15 pm at Miller Court Senior Apartments, 205 Miller Court, Paw Paw.**

*Refreshments will be served at all sessions.*

**For more information, Call Senior Services at 269-637-3607 or toll free at 1-866-627-8904.**
