1. Call to Order / Introductions

Meeting called to order by Brian Berndt at 9:30 AM followed by introductions.

2. Changes to the Agenda

None.

3. Public Comment

None.

4. Approve Minutes from the June 19, 2017 Meeting

Motion to approve the minutes from the June 19, 2017 meeting as written, by Dick Stauffer, second by zbrian Berndt . **Motion Approved**

5. Staff Report

Brandon Kovnat gave a review about the Long Range Plan. in the upcoming meetings a technical memo will be presented which contains data about the TwinCATS area that will be used in the Long Range Plan. Non-motorized transportation will be the topic of the tech memo presented at the October meeting.

Chris Cook express interest in holding a Walk aand Roll committee meeting. a doodle poll with sugsted times will be sent out before the October TwinCATS meeting.

6. Community Land Use and Zoning Member Updates

Dick Stauffer said that outlot for t Meijer were up for sale. There was an application by Autozone. This led to a disicussion about the safety on Red Arrow around Meijer due to the cones. There was concern tha the cones were causeing dangerous merging in the area where the lane is closed.

7. Public Transit

County-Wide Transit Project: Kim Gallagher said that the CEO of Nelson Nygaard is now leading the study. She hopes this will rebuild enthusiasm. Kim also said that University of Michigan was doing studies on mobility, water, and runoff. They are looking at using technologies to solve area problems.

TCATA: none

8. Airport Updates – Vince Des Jardins

Papery lights are being installed. These lights are to guide planes on approach. It is being 95% federal/state funded and 5% local. Kim asked about how the airport was used. Vince said that they don't track the cargo of each plane. But he said that UPS has regular flights and that manufactures charter planes to get parts to other factories. The nuclear plants also often need just in time deliveries because it's cheaper to charter a flight than to shut down the plant.

9. Agency Project Status

2017 Projects:

Berrien County Road Commission: All FY 2017 projects have been completed

Village of Stevensville: The Red Arrow & John Beers Road Intersection project is completed. There was a complement on the quality of the intersection.

City of Benton Harbor: Colfax South was let. Construction will occur any day.

MDOT: There was an Administrative amendment to move the I-94 WB overlay PE phase (JN 128907) from 2018 to 2017.

2018 Projects:

Berrien County Road Commission: Nickerson Avenue is a Mill and Fill replacing 2 inches. The plans have been approved.

Shawnee Rd is an overlay with a shoulder added. The plan will be completed in about 2 weeks.

St. Joseph: Tom MacDonald discussed the Wallace Avenue project. three options were presented to the St. Joseph residents at a public meeting. The final plan will narrow lanes on Wallace avenue and add a 10ft path. This will eliminate street parking. Street parking will be available at Dickerson park. An improved crossing of Wallace will be added at Stadium Rd.

A comment was brought up by Alex Little about the desperate need to fix M-139 from Napier to Nickerson. He explained that the road was in such a poor condition that it was causing maintenance issues with buses. Jason Jatham explained that the road needs Restore and Rehabilitation. Unfortunately 90% of the R&R funds go to the interstate. the cost for repair

on M-139 could be up to \$25 million. He explained that smaller fixes and patching would not be the best use of funds. they might patch with leftover maintenance funding. This is a major problem which will require larger funding sources.

10. Old Business

None.

11. New Business

Katie Beck handed out future year socioeconomic data. She mentioned that this was similar to the approval that occurred for the base year data. Katie also mentioned that they were asking if there were any proposed projects or ideas which they wanted to test with the model. A handout explain what information would be needed on a project to test in the model was asl handed out

State and federal Updates

None

12. Privilege of the Floor

None

13. Adjournment

Meeting adjourned at 10:50 AM.

Minutes Compiled by: Brandon Kovnat, SWMPC associate planner
