Annual SWMPC Health Insurance Waiver – 2020

Waiver Background

MICHIGAN PUBLICLY FUNDED HEALTH INSURANCE CONTRIBUTION ACT

In 2011 the Michigan Legislature passed the Publicly Funded Health Insurance employer's expenditures for employee medical benefit plans while also providing for exemptions to the limits. A 2/3 majority vote of the SWMPC board is required to pass an exemption to the Act. Additionally, if exemptions are to be applied they must be passed annually.

For the previous budgets beginning in 2012, the SWMPC board passed exemptions to the Act along with the submission of its annual budget.

Two options are provided within the Act:

Hard Cap:

- \$5,500 times the number of employees with single coverage, plus
- \$11,000 times the number of employees with two person coverage, plus
- \$15,000 times the number of employees with family coverage.

The 80/20 Plan:

The SWMPC could elect not to pay more than 80% of the total annual cost of the medical benefit plans it offers, without regard to how much that means per employee with single, double, or family coverage.

The remaining 20% of the cost is to be recovered through payments by the employees.

The SWMPC 2020 Budget

The 2020 budget is prepared based on the previous SWMPC standard of a two percent employee premium co-pay for health insurance (health, HSA, dental, vision, disability, life)

IV. Provisions

1. Leaves of Absence

Regardless of whether an employee is earning a wage while on the following types of leave:

- Third-party wages are not used in determining contributions for periods of leave.
- Vesting under elapsed time continues to accrue even if wages are not earned and contributions are zero.

Note: Employers who determine vesting based on an "hours-reported" method, should report actual worked hours for the month where there was a leave.

Types of leave include:

- Short Term and Long Term Disability
- Workers Compensation
- Unpaid Family Medical Leave Act (FMLA)

Leaves of absence due to military service are governed by the federal *Uniformed Services Employment and Reemployment Rights Act* of 1994 (USERRA), IRC 414(u), effective January 1, 2007, IRC 401(a)(37).

3. Forfeiture

V.

A forfeiture occurs when a participant separates from employment prior to meeting the associated elapsed time (or hours reported) to receive vesting. The percentage of his/her employer contribution account balance that has not vested as of the date of termination will forfeit after 12 consecutive months following the termination date reported by the employer, or earlier, if the System distributes the participant's vested portion. MERS will utilize an available forfeiture balance as an automatic funding source applied to reported employer contributions at the time of reporting.
