

Climate Change in Michigan: Where do we go from here?

A climate discussion with **Peter Sinclair**

Peter Sinclair is a renowned graphic artist, writer, researcher and advocate from Midland, Michigan

Wednesday September 12, 2012

7:00PM-9:00PM

Van Buren Conference Center
490 South Paw Paw Street
Lawrence, Michigan 49064

*This event is FREE and open to the public

For more information contact Dave Foerster at (269) 655-9100

“2012 is so far the hottest year on record in the United States. It's WAY too hot to ignore the role of manmade climate change”.

*Maggie L. Fox
President and CEO
The Climate Reality Project*

This workshop will qualify for 2 continuing education credits for the MSU Extension Master Citizen Planner Course.

MICHIGAN STATE UNIVERSITY | Extension

Sinclair's workshop will feature the following

- A general overview of global climate change, including greenhouse effect, observed and predicted consequences of climate change, climate feedback loops and amplifiers, an update on current conditions in the arctic, and the prospect of climate "tipping points".
- Popular "climate skeptic" arguments will be dealt with in some detail.
- Finally, an exciting and exhilarating review of current and developing alternative strategies for new energy production and re-visioning the electrical grid.

Recent presentations include

University of Michigan

Michigan State University

Michigan Transportation Planning Association

Michigan Public Service Commission

Grand Valley State University
