1. Call to Order and Introductions

Joe Bellina, RTF Region Four Chair, Called the meeting to order at 10:50 AM.

2. Changes or Additions to the Agenda

Gallagher asked to add a discussion about requiring local resolutions for RTF recipients to agree to the conditions of RTF funding. This discussion will be added after the approval of the minutes.

Motion to approve the revised agenda. Made by Regina Hoover and seconded by Tony Dacoba. **Motion approved.**

3. Approval of Minutes of the December 5, 2019 Meeting

Anttila said that his name was misspelled.

Motion to approve the minutes of the December 5, 2019 Region Four RTF meeting with corrections. Made by Ben Anderson and seconded by Regina Hoover. **Motion approved.**

4. Discussion on Local Resolution's

Gallagher said that a local resolution would ensure agencies are aware of their responsibilities. Stack said that such a resolution should be submitted at the same time as the application. This would show that there was some local public participation.

It was agreed that this could begin in 2021 as a test for the next call for projects that occurs in 2022.

Bellina asked that a draft resolution be sent to the RTF members and that it be open to comment for a month.

Motion to require agencies to submit a resolution along with project applications. Made by Kevin Stack and seconded by Tony Dacoba. **Motion approved.**

5. Berrien County Amendment

Stack said that the Berrien County Road Department had worked with the townships on the design for the Red Arrow and Union Pier project. Additional streetscape elements and rising costs for road construction have increased the project cost. The project will use all of Berrien County's 2020 federal & State D allocation. The local match is also increasing (See attached project data sheet).

Motion to approve the cost change for Berrien County Road Department's Red Arrow and Union Pier project. Made by Ben Anderson and seconded by Barry Anttila. **Motion approved.**

6. Van Buren County Amendments

Anttila recapped the decisions that had occurred at the Van Buren County RTF meeting. He said that the Van Buren RTF had agreed to award the Village of Bloomingdale's application (See attached RTF project data sheet) with the condition that they fund the entire segment by 2021. The village will need to provide an assurance that they will do this by February 7, 2020.

Motion to award The Van Buren County 2020 RTF funds to the Village of Bloomingdale for the W. Kalamazoo project as submitted in their application. This approval is contingent upon the Village of Bloomingdale proving an assurance, by February 7 of 2020, that the village will fund the remaining portion of W. Kalamazoo to the village's western limits and complete construction by the end of 2021. Made by Tony Dacoba and seconded by Regina Hoover. **Motion approved.**

Note: this motion is identical to the one made at the Van Buren County RTF meeting

7. Proposed Changes to the All Season Road Network

Bellina said that the Village of Marcellus had requested additions to the All Season Road network (See Marcellus All Season Map).

Motion to approve the request from the Village of Marcellus to add road to the All Season Road network. Made by Kevin Stack and seconded by Ben Anderson. **Motion approved.**

8. Public Comment or Privilege of the Floor

Grab said that the Region 4 should vote on adding additional federal funds to Cass County's Marcellus highway project. Bellina said that he thought, because the change was less than 25% of the project cost, that it did not require an RTF vote. Grab replied that the RTF must approve any allocation of federal RTF or State D funds. The Amendment versus administrative policy refers to whether the change requires public participation and federal review; it does not necessarily mean the RTF does not need to vote at all.

Motion to approve programming an additional \$6,876 of Cass County RTF 2020 federal funds toward the Cass County road Commission's Marcellus Highway project. Made by Kevin Stack and seconded by Ben Anderson. **Motion approved.**

9. Adjournment

Meeting was adjourned at 11:30 AM.

Minutes Compiled by Brandon Kovnat, SWMPC Associate Transportation Planner
